Application for Homecoming Camp: How to Use the Online System (for individuals)

Group	1 2 Log in with your ID Select a project and fill out or modify the application form (www.korean.net) Image: After filling out the application form
1	Access Korean Net (<u>www.korean.net</u>) and log in with your account. * If you are already a member, use your ID and password.
2.1	Go to the main page of Korean Net > Support Services for Overseas Koreans > Apply to OKA Programs. Then, select a project and click "Apply."
2.2	Save your application form frequently while you are filling it out (saved to drafts) / After entering all required items, click "Save." - You can make changes in your application form at any time before the deadline. (Go to Log In > My Page > Manage My Application > Projects. Then, select the project and click "Modify.")
3	After checking your application, click "Complete," and then you will see "Print." Click on the button to print out your application form. - Go to Log In > My Page > Manage My Application to see if your application has been successfully submitted.

Notes

- It is mandatory to submit an application form via the online system. Your application will not be accepted if submitted to a Consulate General of the Republic of Korea offline without an online application.

- You may be excluded from the project if you submit more than two application forms with multiple accounts.

* Further details and notices will be announced via Korean Net.
